## Happy Love Month to all PinkUK users!

This month marks the 30th Anniversary of the iconic comedy film [The Adventures of Priscilla, Queen of the Desert](#) that was realised in 1994. It is about two drag queens, and a

transgender woman as they journey through the Australian Outback to Alice Springs. It is a must-see film. Watching it was part of the rite of passage in classing yourself as a member of the LGBTQ+ communities. It won many awards including a OSCA for 'Best costume design' and a BAFTA.

Our Pinkest love to everyone on 14 February **Valentine's Day** whether you are in a

relationship, looking to be in one or are just happily independent! Check out our listings if you fancy a romantic city break on Valentines or plan for the summer Pride season.

*Erratum: contrary to our report last month on the Church of England's position on blessing same-sex marriage, the blessing is only for the individuals and is not about blessing the partnership as such.*
