The times, they are a changin' - in the UK at any rate. So, after encouraging people to eat out in pubs and restaurants in August at taxpayers' expense, in September the Government sent a shiver down the spine of the hospitality, industry including many LGBTQ+ businesses, by requiring all bars and pubs to close at 10pm in England to combat COVID-19.

We'd like to hear how you are coping in whatever retail or LGBTQ+ scene environment, whether as a customer or as a venue / supplier and whether in the UK or internationally. **Please tell us your story.** We are committed to all our listed venues and the people who rely on them through thick and thin.
