

**Newcastle Pride 2025, Newcastle, New South Wales, Australia, 25 October 2025**

**R**eform UK, are like Marmite, whether you like them or not, they are doing very well in the poles. As well as being on an anti-trans platform, they will not fly the pride flag on any government building, mind you they will not fly other issues flags either, so this is not necessary anti LGBTQ. Though Nigel Farrage has not said he would ban same sex marriage, in July of this year he branded equal marriage 'wrong'. Remembering his strong ties

with Trump and the general election is a few years away, we will see how things go.

This month we have a new product of the moth, well more like brand of the month, Colt. The [Colt brand](#) has its roots in the USA but is known all over the world.
